

QA Introduces New K9 Serrated Tip Style Probes

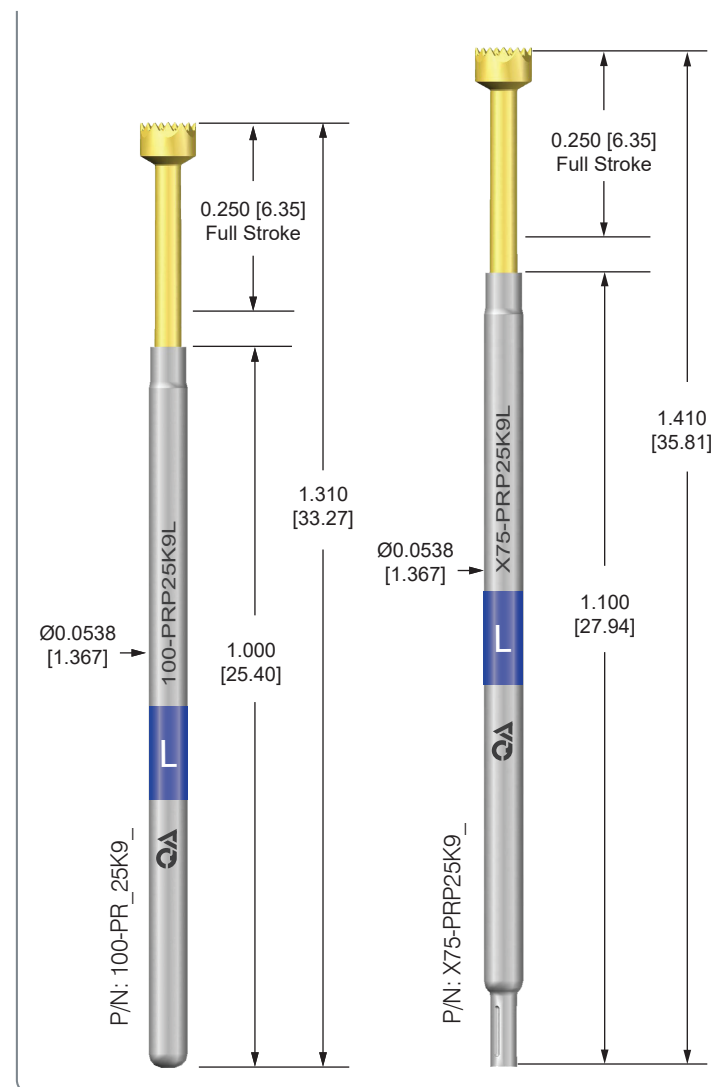

QA Technology has expanded its 100-25 and X75-25 series to include a large serrated tip style. This new serrated tip provides a better fit and a more effective solution for:

- Interface probe for high density Keysight 3070 testers
- Larger diameter posts, leads, terminals, or other circuit board targets
- Inconsistent or misaligned contacts

QA's high-quality probe tips and fast delivery continue to provide a variety of solutions for your high-volume test needs.

100-25 AND X75-25 SERIES
